RESEARCH FOCUS

I am a final year PhD Student in Computer Vision, at the University of Bristol. My research focus is action recognition in video and how both vision and language can be tied together for improved and scalable approaches. I particularly study an open-vocabulary of verbs for action understanding, both increasing the number of possible labels as well as using multiple labels to describe the same action. I proposed approaches for single-label and multi-label recognition, as well as cross-modal (video and text) retrieval.

EDUCATION

PhD in Computer Vision (Sep. 2015 - Present) University of Bristol, Provisional Thesis Title: Verbs and Me - An Investigation into Verbs as Labels for Action Recognition in Video Understanding. Supervisor: Dr. Dima Damen.

MEng in Computer Science (2011 - 2015) University of Bristol, Degree Classification: First Class Honours. Dissertation Title: Generating Object Proposals for Wearable Visual Sensors. Average: 74%

A Levels (2009 - 2011) John Cabot Academy, Bristol, Maths – A*, Further Maths – A, Physics – A, Computing – A.

INTERNSHIPS

Research Internship: Naver Labs Europe, Grenoble France (Autumn 2017), Supervisors: Dr. Gabriela Csurka & Dr. Diane Larlus

Cisco Undergraduate Internship: Router Testing and Development, Reading UK. (Summer 2014), Supervised by the router testing team.

AWARDS AND HONOURS

Best Poster Award (Honourable Mention), British Machine Vision Association Summer School (BMVASS), Swansea 2016.

Best 3rd year group project, University of Bristol 2014.

Top 3rd year Computer Science Undergraduate, University of Bristol 2014 (Sponsored by Netcraft).

EMPLOYMENT HISTORY

Teaching Associate 2018 – Present
Leading the restructure of labs and coursework for 2nd year Computer Science Unit COMS21202 Symbols, Patterns and Signals.

Teaching Assistant 2015 – Present
TA for multiple undergraduate Computer Science Courses: Data Structures and Al-

gorithms (Y2); Symbols, Patterns and Signals (Y2); Computer Graphics (Y3); Image Processing and Computer Vision (Y3); and Applied Deep Learning(Y4).

PEER-REVIEWED PUBLICATIONS	<i>Fine-Grained Action Retrieval through Multiple Parts-of-Speech Embeddings.</i>	2019
	Michael Wray, Diane Larlus, Gabriela Csurka, Dima Damen – International Conference on Computer Vision (ICCV)	
	<i>Learning Visual Actions Using Multiple Verb-Only Labels.</i>	2019
	Michael Wray, Dima Damen – British Machine Vision Conference (BMVC)	
	<i>Scaling Egocentric Vision: The EPIC-Kitchens Dataset.</i>	2018
	Dima Damen, Hazel Doughty, Giovanni Maria Farinella, Sanja Fidler, Antonino Furnari, Evangelos Kazakos, Davide Moltisanti, Jonathan Munro, Toby Perrett, Will Price, Michael Wray – European Conference on Computer Vision (ECCV)	
	<i>Trespassing the Boundaries: Labelling Temporal Bounds for Object Interactions in Egocentric Video.</i>	2017
	Davide Moltisanti, Michael Wray, Walterio Mayol-Cuevas, Dima Damen – International Conference on Computer Vision (ICCV)	
	<i>SEMBED: Semantic Embedding of Egocentric Action Videos.</i>	2016
	Michael Wray, Davide Molitsanti, Walterio Mayol-Cuevas, Dima Damen – European Conference on Computer Vision Workshops (ECCVW)	
ARXIV PAPERS	<i>Towards an Unequivocal Representation of Actions.</i>	2018
	Michael Wray, Davide Moltisanti, Walterio Mayol-Cuevas, Dima Damen – ArXiv.	
TALKS AND POSTER PRESENTATIONS	<i>BMVA Symposium on Video Understanding</i>	2019
	Poster Presentation: Fine-Grained Action Retrieval through Multiple Parts-of-Speech Embeddings. (Upcoming)	
	<i>BMVA Symposium: Robotics Meets Semantics</i>	2018
	Oral Presentation: Towards an Unequivocal Representation of Actions ¹ .	
	<i>CVPR Demo</i>	2018
	Demonstration: Scaling Egocentric Vision: The EPIC-Kitchens Dataset.	
	<i>Brave New Ideas in Visual Understanding (BIVU) at CVPRW</i>	2018
	Poster Presentation: Towards an Unequivocal Representation of Actions	
	<i>Egocentric Perception, Interactions and Computing (EPIC) at ECCVW</i>	2016
	Oral Presentation: SEMBED: Semantic Embedding of Egocentric Action Videos.	
REVIEWING DUTIES	<i>British Machine Vision Conference (BMVC)</i>	2019
	<i>Egocentric Perception, Interaction and Computing (EPIC) ECCVW</i>	2018
	<i>Egocentric Perception, Interaction and Computing (EPIC) ICCVW</i>	2017
SKILLS AND EXPERIENCE	<i>Dataset Collection</i> I participated in the collection of two datasets:	
	<ul style="list-style-type: none"> • EPIC-Kitchens - Verb and Noun Semantic Processing and Grouping. 	

¹Video Link: <https://www.youtube.com/watch?v=8rndQTQsEjE>

- Bristol Egocentric Object Interactions Dataset - Verb Labels.

Programming Skills Comfortable with a wide range of tools and languages such as Python, C/C++, C#, Java, MATLAB, Git, and Slurm. I also have some experience with HTML, PHP, Javascript, Haskell, Prolog and E.

Deep Learning Tools/Experience PyTorch, Tensorflow, MatConvNet.

NLP Tools/Experience WordNet, Spacy, Word2vec GloVE.

OTHER ACTIVITIES

Student Representative

- Post-Graduate Representative for the Department of Computer Science (2016-2019).
- Graduate Studies Committee Post-Graduate Representative for the School of Computer Science, Electrical Engineering and Engineering Mathematics (2017-2019).
- Student Representative on the High Performance Computing Executive Board (2018-2019).
